1.	Микроскоп цифровой	 A digital microscope is shown next to its black carrying case. The case is open, revealing several small blue bottles and other accessories inside. The microscope is white and black, with a lens and a camera lens visible.
2.	Микропрепараты	 A box of micro-preparations is shown. The box is yellow and white, with the text "НАБОР МИКРОПРЕПАРАТОВ" and "Анатомия, Фитология, Зоология, Ботаника, Общая Биология" printed on it. The box is open, showing several small vials and slides inside.
3.	Цифровая лаборатория по экологии	 A digital ecology laboratory kit is shown. The kit is in a blue carrying case. The top of the case is open, showing a green and white box with the text "РУКОВОДСТВО по экологии" and "E-LAB". The bottom of the case is open, showing various electronic components, cables, and a small digital scale.

<p>4.</p>	<p>Образовательный набор по мехатронике, робототехнике, механике</p>	 <p>The image shows the packaging for a STEM Masterclass kit. The top part is the closed box with a blue and white design, featuring a robotic arm and the text 'STEM МАСТЕРСКАЯ' and 'РОБОТОТЕХНИКА'. Below the box, the open kit is visible, containing various components like wires, sensors, and a small robot in clear plastic bags.</p>
<p>5.</p>	<p>Робототехнический набор (прикладная робототехника)</p>	 <p>The image shows the packaging for a STEM Masterclass kit. The top part is the closed box with a blue and white design, featuring a robotic arm and the text 'STEM МАСТЕРСКАЯ'. Below the box, the open kit is visible, containing various components like wires, sensors, and a small robot in clear plastic bags.</p>
<p>6.</p>	<p>Цифровая лаборатория по биологии</p>	 <p>The image shows the contents of a digital biology laboratory kit. The components are laid out on a grey foam tray. It includes a white USB drive, a blue CD-ROM, several black cables, a small white sensor or probe, and a grey instruction manual with a green cover.</p>
